By DORMAN CORDELL

One of the oldest and a popular feature in the Gettysburg Times is the "Today's Talk" which appears on page four Monday through Saturday. It is written by the octogenarian, George Matthew Adams.

For more than 30 years this philosopher and syndicate writer has been writing his brief and succinct, inspirational messages which have been widely read throughout the country.

Adams' career began with his graduation from Ottawa University in Ottawa, Kan., shortly after the turn of the century. He started as an advertising man in Chicago, and during his meteoric rise to prominence he created the universal phrase "milk-fed chickens" for Swift & Co.

He moved to New York City in 1912, some five years after founding his newspaper syndicate in Chicago. He unearthed and made famous many features that became household names, such as Edgar A. Guest's "Just Folks," Dr. Frank Crane's "Thoughts of a Plain Man," Gene Byrnes' "Regular Fellers," Elsie Robinson's "Listen World," "Minute Movies" by Ed Wheelan, etc.

The most outstanding of Adams' Talks are incorporated in a book, "The Great Little Things," and an earlier one called "Better Than Gold."

A lover of books and a discriminating and omnivorous reader, Adams has collected a library of about 6,000 volumes, the majority being first editions of writers of whom he is particularly fond.

Sift Possible Clues In Slaying Of Three Women

OTTAWA, Ill. (AP) — Authorities today ordered a roundup of known fur poachers for questioning in an investigation of the brutal slaying of three prominent women.

By CONRAD FINK

OTTAWA, Ill. (AP) — Police sifted through three possible clues today in the search for leads to the brutal slaying of three socially prominent women.

But Supt. William Morris of the Illinois state police said, "we haven't got anything definite." He added police would question two or three men in connection with the fatal bludgeoning of the women in Starved Rock State Park. He declined to identify them.

Morris said that several tufts of hair found in the hand of one of the victims, Mrs. Lillian Oetting, 50, were sent to the state police laboratory in Springfield for microscopic examination. Morris declined to say whether the hair might have been torn from the slayer's head in a death struggle.

Slivers Of Bark

Also sent to the police lab were slivers of bark removed from Mrs. Oetting's skull. Technicians

Lay Helpless 40 Minutes With A Broken Hip

Mrs. John B. Zinn, West Broadway, who fell and broke her hip Tuesday, is reported improving at the Annie M. Warner Hospital. On Thursday she was able to sit up in a chair.

Mrs. Zinn was on her way to the garage at the rear of her home when she fell and broke her hip. She was going to call for members of her bridge club to attend a luncheon, it being her alternating turn to call for the members. Unable to rise she lay in front of her garage for 40 minutes before she was able to attract a motorist driving on the Mummashburg Rd. by waving her handkerchief. The motorist, on Mrs. Zinn's instruction, called the home of Dr. and Mrs. Raymond F. Sheely, West Lincoln Ave., where her husband was having lunch.

Dr. Sheely had her removed to the hospital about 1 o'clock and at 3 o'clock the broken hip was pinned.

POLICE CALL BRINGS TOTS LOTS OF HELP

This morning the local police phone was answered by Borough Secretary Anna B. Dracha and a tiny voice said: "I want my grandmother."

Mrs. Dracha kept questioning the child, learned that she was four years old, had lost her two front teeth and wanted her grandmother because "my momma is sick and can't walk."

Startled, Mrs. Dracha kept interrogating the child, finally obtained the child's last name, and her address. The youngster insisted her "mommy was sick and couldn't come to the phone" and that she wanted her grandmother. She had no idea what her grandmother's name might be.

Deciphered Facts

Mrs. Dracha called in the police who helped decipher the lisp named of the child and her street, and then called the child's grandmother, based on their knowledge of the families in the community.

Grandmother was alarmed and hurried to the home of her daughter-in-law and found her in good health and without knowledge of the phone call.

Then interrogation began. The four-year-old girl and her brother, about the same age, had been told by their mother that if there ever was any trouble they should call the borough police number.

RIGHT TO VOTE COMPROMISE IS OPPOSED

WASHINGTON (AP)—The Eisenhower administration threw its weight today against the southern-sponsored idea of limiting powers of proposed federal voting referees to federal elections.

Atty. Gen. William P. Rogers said that if state elections were exempted from such a civil rights law "it would be an open invitation for the establishment of segregated elections for state officials, thus denying Negroes their clear constitutional right to vote without discrimination in such elections."

Rogers set out this view in a letter to Rep. William M. McCulloch (R-Ohio) who is leading the battle in the House for the administration's civil rights program. The letter was made public at the Justice Department.

Enforce It Or Remove It
Rogers said that if the 15th Amendment, guaranteeing the right to vote without discrimination, is not to be enforced it should be removed from the Constitution. He added:

"It would be sheer sanctimony... to enact legislation which, by failing to enforce the right, clearly implied that Negro voting need not be a reality in state elections."

McCulloch had asked for an expression from Rogers because southerners have prepared a proposed amendment to the House civil rights bill to limit jurisdiction of federal voting referees to elections of federal officials.

Such an amendment has not yet been formally introduced. But a battle over this idea is one of the obstacles between the House and final action on a civil rights bill.

It is one of the reasons that House leaders, who once hoped to pass a bill this week, are now talking instead of next Wednesday as a target date for final action.

HIS IMPULSE WAS TOO MUCH

LEVITTOWN, Pa. (AP)—On Tuesday morning there should have been \$750 from a shoe store in the night deposit box of a bank branch, but there wasn't.

Bernard Weissman, a salesman for Wyman Shoe Co., said he had deposited the receipts, as he had done many nights for more than three years.

So police theorized the money perhaps got stuck in the chute of the Philadelphia National Bank branch. Perhaps someone fished it out, they said, and that's what they thought until the FBI got a call from Weissman Wednesday night.

"I got an impulse to put the money in my pocket and I did," Weissman explained at his hearing Thursday. "When I got home I wrapped it in tin foil and put it under the night table."

The 30-year-old father of four pleaded guilty to embezzlement and fraudulent conversion. A justice of the peace released him in \$2,000 bail to await grand jury action.

And Weissman returned the \$750.

Local Firemen Get Early Call

Gettysburg firemen were called at 3:45 o'clock this morning to a blaze in the former boiler room of the Ice and Storage Co.

Fire Chief Frank Linn said workmen were engaged Thursday in cutting pipes in the boiler room once used for the chemicals for refrigeration. He said a spark apparently lodged in the cork insulation about the pipes and smoldered during the night.

This morning about 3:40 o'clock trainmen shifting west of N. Washington St. noted smoke issuing from the boiler building and called Murray Wentz on duty at the quick-call center in the engine house. Borough Officer Paul B. Shearer, on duty at the time, was notified and discovered there was a fire at the site and the firemen were summoned.

Chief Linn said there was little damage, the fire being confined to the cork and tar paper insulation on the pipes which were lying on a concrete floor in the brick building.

U. S. HOPES TO INCREASE ITS EXPORT TRADE

By STERLING F. GREEN

WASHINGTON (AP)—The government hopes that by spending about \$6 million dollars to promote exports it can increase the foreign sales of American industry another two to four billion dollars a year.

President Eisenhower announced the government-wide export promotion program Thursday, and asked the support of Congress in providing a supplemental appropriation to get the program rolling in the year starting July 1. Undersecretary of Commerce Philip A. Ray, head of the interagency task force which is organizing the drive, told reporters the initial request probably will be only about five million dollars.

To Increase Staff

But when the campaign gains full momentum, he said, the cost may run 10 to 12 million dollars a year, largely to increase the staffs of the Commerce and Agriculture departments and to more than double the number of commercial attaches of American embassies.

The current rate of export shipments, Ray said, is about 18 billion dollars a year. This, if sustained, will be an increase of about 2½ billion dollars in 1960 over the total foreign sales for 1959.

It is hoped, Ray said, that the promotion effort will provide an additional 10 to 20 per cent increase in annual sales, thereby adding roughly two to four billion dollars a year to the nation's foreign trade volume.

Imports are expected to increase also, Ray said, but at a slower rate. The net result should be a significant decrease in the size of the deficit in international payments, which amounted to \$3,700,000,000 last year.

ARREST 4 ON DOPE CHARGES

WHITE PLAINS, N. Y. (AP)—Three youths, one a college junior, and a man have been arrested and accused of supplying narcotics to more than 100 high school and college students in Westchester County.

Dist. Atty. Joseph F. Gagliardi announced the arrests Thursday. For the past six months, Gagliardi said, both boys and girls have been using narcotics as a prelude to church socials and country club affairs.

The students largely are unaware their identities are known, Gagliardi said. And the parents, he said, are generally ignorant of their youngsters' deviations. Gagliardi said the offenses were chiefly in Port Chester, Rye, Mamaroneck, New Rochelle, and neighboring areas on Long Island Sound.

Could Plant An Acre

Those arrested are Charles Messina, 22, of Mamaroneck, a junior at New Rochelle's Iona College; Peter Furano, 16, of Port Chester; Donald S. Delchico 21, of New Rochelle; and Alfred Michael, 36, of North Pelham, an unemployed butler and father of two children.

Messina, officials said, financed his education by being a "pusher." They said they found enough marijuana seeds, in his shoes and in a mattress in his room, to plant an acre of the weed.

Also found was a public library book titled "Drugs of the Mind," with overdue New York City parking tickets as bookmarks.

POLICE CALL

(Continued From Page 1)
This morning the mother was busy about the back of the house and the youngsters decided to try the police number to see if it would work.

As more and more members of the family arrived, in response to the grandmother's frantic calls made as soon as police had contacted her, it became evident that the system worked very well. Police were pleased that the whole thing worked out as it did. They hope youngsters don't give them a scare quite like the one this morning but agreed that it seems a good idea for the youngsters to know the police number.

Wives May Visit Good Mates In Jail

JUNEAU, Alaska (AP)—The Alaska Senate Thursday passed, 12-7, a House bill to permit honor prisoners to have periodic overnight visits from their spouses. An opponent, Sen. B. J. Logan, claimed the visitation system would make Alaska "the laughing stock of every two-bit master of ceremonies with nothing else to joke about."

But Sen. George B. McNabb said it would help hold families together and be an incentive to good behavior.

Spouses of prisoners with good behavior records would be permitted to make 24-hour visits every six weeks. Visits would be at the place of confinement, if facilities exist. The privilege would be limited to prisoners married longer than six months and serving sentences of more than six weeks.

U. S. To Launch Star Satellite

WASHINGTON (AP)—The United States plans to launch this year a flashing-star satellite that will help map the earth precisely.

The National Aeronautics and Space Administration told about it today in its semiannual report to President Eisenhower. The report covered the April-September 1959 period, but NASA said the launching may not be attempted until next fall.

Plans call for sending into an orbit a satellite that regularly flashes a light.

By photographing the light flashes against the background of the stars, it will be possible to determine the satellite's position within an accuracy of 50 to 100 feet, at an altitude of 1,000 miles, NASA said.

Pioneer V Passes Million Mile Mark; Sets A Record

By GEOFFREY GOULD
WASHINGTON (AP)—Pioneer V passed the million-mile mark early today in its race toward an orbit around the sun. Its voice—a high steady tone like a radio time signal—came back loud and clear over that vast distance. It was the farthest by far that mankind has sent an intelligible signal—and Pioneer is expected to keep up its flow of space data back to earth for many more millions of miles.

The passing of the million-mile mark was celebrated with appropriate ceremony at the Washington headquarters of the National Aeronautics and Space Administration.

The time was 2 a.m. Eastern Standard; the scene, a small auditorium a block from the White House, cluttered with Klieg lights and movie cameras.

"Cosmic Noise"
Just before the contact was established with Pioneer a rushing noise—like a great waterfall—came over the loudspeakers in the room. This was the sound of space, the radio signals of the stars. Scientists call it cosmic noise.

Then the clear, electronic tone of the satellite took over. To human

ears, it sounded continuous, with only a slight interruptive blip now and then. Actually, the radio a million miles away was sending back seven different kinds of information.

With a Los Angeles NASA station giving the orders, Hawaii sent the signal to turn on the satellite's radio. Pioneer did its part. At the moment it was 1,002,700 miles away.

Distinguished Career Of Native Of New Oxford Is Reviewed By Magazine; Joseph H. Himes Is 75

Joseph Hendrix Himes, 75, one of the most widely known of New Oxford natives, is the subject of an article entitled "Gentleman of Many Talents" appearing in "The Leaves," a publication printed in Washington, D. C.

The article notes that Mr. Himes suffered two heart attacks several years ago and then redesigned his home in the Wesley Heights area of Washington to "do away with stairs."

His home is described as: "an attractive spot . . . to contemplate the past and present with the wisdom acquired during years of dynamic leadership."

JOSEPH H. HIMES

"Born in New Oxford, Pa., on August 15, 1885, Mr. Himes has filled the years that followed with an amazing number of achievements."

"Joseph Himes learned to work as soon as he was big enough for a paper route and he says now it was his father's example which inspired him when he was a boy. 'I was greatly influenced by my early home life,' he said speaking of his parents and the spiritual quality within their home. ' . . . family prayers and grace before each meal left an indelible impression upon me.'"

"His father 'got me a scholarship to college,' but Joseph Himes worked for board and room, waiting on tables and other chores. And he thoroughly believes that 'what counts in making a man of a youth is the opportunity to work his own way in life.'"

Rose To Executive Post
"After attending Gettysburg College and later Penn State where he majored in engineering, Mr. Himes entered the steel business at Canton, Ohio, as a cinder pit man and soon rose to executive position."

The article relates how his work as a Red Cross chairman and in Liberty Loan and War Savings Stamp Drives in World War I led to his being approached by a group of Independent Republicans to run against the organization in Ohio.

Grid Clinic At Atlantic City

ATLANTIC CITY — Although spring practice has been delayed in many sections of the country by the heavy snows, some 1,000 football coaches will still take time out from their shortened seasons to attend the 13th annual national football clinic in Convention Hall March 28 to 31.

Many of the high and prep school and college and professional team coaches will arrive early to attend the annual banquet of the national Pop Warner conference and the International Touchdown Club at the Ritz-Carlton Sunday evening, March 27.

An array of some of the nation's finest gridiron coaching talent will be on hand to lecture to the "students" during the four-day session. These include Ben Schwartzwalder, Syracuse; Darrell Royal, Texas; Ben Martin, Air Force Academy; Gomer Jones, Oklahoma; Paul Dietzel, Louisiana State; Phil Dickens, Indiana; Joe Kuharich, Notre Dame; Rip Engle, Penn State; Milt Bruhn, Wisconsin; Don Fuoss, Purdue; John Boyd, Atlantic City High School, and Harry Stuhldreher, Notre Dame great, now assistant to the vice president of U.S. Steel, who will speak at the clinic banquet.

He formed a family-owned corporation in 1924 which operated various buildings in the Washington area. About 1930 he purchased "Prospect Hall," near Frederick, and this was the family home where his son, Canfield, and daughters, Marilyn and Katrina, grew up.

During the depression years he was president of Columbia Hospital for Women. Interested in both people who postponed hospital care because of "hard times" and the hospitals which were feeling the financial strain of the times, he called a public meeting to establish group hospitalization, despite much opposition to the plan. In 1934 the American Medical Society endorsed the group hospitalization plan "without any reservations whatsoever." It started with 644 members, now has more than 800,000 in the Washington area.

Today's Talk

LOOK OUT
Too many live the cloistered
life by wrapping themselves in
their own narrow visioned and
secret thoughts. Look out, not in
spread your personality so as to
attract others to your daily life.
None of us can live happily who
shut out others from all that can
be learned by being forever alert
and watchful. We were meant
to be happy and to spread happi-
ness, far and near—to the four
winds. Most of us neglect the lit-
tle things of life and so go troubled
and alone.

Look out! Measure your oppor-
tunities and invite others to share
your interests and personal glory.
Right in this spot I wish to pay
my tribute to all who have been
so kind as to write me encour-
aging letters of thanks for hav-
ing given them unusual help. I
try to express myself in simple
thoughts that live and move
around. We keep our best ones for
special days and weeks.

What a thrill for any of us to
know that we have given a mental
and spiritual boost! Especially to
the humble and to those not ex-
pecting it. We all welcome the un-
expected. Let us look out—not in.
Let us broaden our vision. Let us
remember that we silently live in
scores of lives!

Tomorrow Mr. Adams will talk
on the subject: "Get the Spirit"

CHAMBERSBURG, Pa. (AP)—
Both Terry Leitzell, Williamsport,
and Richard Stillman Jr., Car-
lisle, will represent central Penn-
sylvania in the state finals of the
American Legion Oratorical com-
petition.

Dr. Joseph J. Milazzo, contest
committee chairman, said the
committee decided Thursday to al-
low Leitzell to compete. He said
the action was recommended by
state commander William T. Ma-
lone, Scranton.

Elaine Nedlik, Pittsburgh, west-
ern champion, and Raymond Dig-
gle, Abington, eastern winner, will
compete with the two central
Pennsylvanians tonight for the
state title and a gubernatorial
scholarship.

The decision to allow both boys
to compete in the finals came af-
ter the committee received com-
plaints about competition which
Stillman won in Harrisburg
Wednesday. Results of an earlier
central Pennsylvania contest in
Williamsport, won by Leitzell,

GIRL WILL BE FREED ON BAIL

LOS ANGELES (AP)—Tears of
joy streamed down Carole Treg-
off's pretty face when she heard
the news: She can go free on
\$25,000 bail.

The red-haired co-defendant in
the Finch murder case started
the 162nd day behind bars today
as her family made financial ar-
rangements to secure her release.

Carole, 23, and Dr. R. Bernard
Finch, 42, her surgeon sweetheart,
are accused of murdering Finch's
wife, Barbara Jean, 36, last July
18. Their first trial, which lasted
three months, ended in a dead-
locked jury.

Judge John G. Barnes Thurs-
day set May 23 as the date their
second trial will start. After
Barnes approved bail for Carole,
Finch rushed to her side and ex-
claimed: "I'm so happy for you,
Carole!"

However, the judge rejected Dr.
Finch's request for bail and de-
nied Carole's plea for a separate
trial.

Barnes didn't explain why bail
was granted Carole and denied
Finch.

The victim was John C. Blank.
He was dead on arrival at a hos-
pital.

Detective Sgt. John Stevenson
quoted the boy, John Robert, as
saying his father came home early
today and began choking the
mother, Edna, 33. Stevenson said
John Robert ran to the kitchen
and grabbed a butcher knife,
plunging it into his father's back.
Stevenson said the elderly Blank
apparently had been drinking.

PARIS (AP)—President Charles
de Gaulle today rejected the de-
mand of a majority of the Na-
tional Assembly for a special ses-
sion to debate France's farm cri-
sis.

De Gaulle wrote Assembly
Speaker Jacques Chaban-Delmas
that the conditions under which
the deputies asked for the session
were not "compatible with the
spirit of institutions which I must
see as respected" or with the
powers given him by the consti-

BOY DROWNS UNDER ICE

WASHINGTON, Pa. (AP)—Two
small boys plunged through ice
into a creek and drowned in near-
by Ellsworth Thursday night.

A third boy fell in, but he man-
aged to struggle out and try to
save one of his playmates.

The dead are Richard P. Mera-
shoff, 8, and Jess A. Mann, 9,
both of Ellsworth, a small coal
mining community.

Authorities said the victims and
Eugene Ross, 12, also of Ells-
worth, were playing about 500
feet above Ellsworth Dam. The
ice gave way, dropping the young-
sters into the water.

Ross scrambled from the creek
and tried to reach the Mann
youngster. But the ice broke again
and young Mann fell back into the
water.

Firemen recovered the bodies.

vagrancy. The network gave no
reason for the action.

Eight Hospitals Quit Blue Cross

PHILADELPHIA (AP)—Eight
Roman Catholic hospitals plan to
sever connections with greater
Philadelphia's Blue Cross organi-
zation at the end of March.

They announced this decision on
Thursday. It is a result of a year-
long deadlock over terms of a new
reimbursement contract.

The eight hospitals had been in-
sisting Blue Cross reimburse them
on the basis of actual charges for
patient care. Blue Cross wants to
continue the old plan, based on
hospital costs.

This was embodied in a contract
which expired last June 30.

Two other Catholic hospitals in
Philadelphia Blue Cross will re-
main in the organization.

Blue Cross immediately an-
nounced an increase in the allow-
ances for subscribers using non-
member hospitals.

East Germany today denounced

Berlin authorities and newspapers
endorsed it. Neues Deutschland

that Berlin does not belong to
West Germany and is none of the

Bird Watchers In County Have Interesting Winter

Bird watchers in Adams County
report this has been an exception-
ally interesting winter for their
hobby.

Evening grosbeaks, whose na-
tive haunts in the summertime are
west of the Canadian Rockies,
have appeared here in unusually
large numbers this winter.

There have been some in upper
Adams County most of the winter
and Gettysburg bird lovers, who
make a practice of feeding birds
through the lean winter months,
have seen the grosbeaks here,
too. Since the most recent snow-
storm, their numbers seem to
have increased and 15 to 20 have
been seen by Dr. Albert Baugh-
man on Seminary Ridge.

Mr. Raffensperger has seen
Carolina wrens, nuthatches, snow-
birds, chickadees, doves in un-
usually large numbers, tufted ti-
mouse, gnat catchers, blue birds,
blue jays and red-headed wood-
peckers among the birds winter-
ing over in Gettysburg.

Mr. Raffensperger said that the
evening grosbeaks, seen here in
other winters, too, and usually
after heavy storms, regularly
spend winters in northern Penn-
sylvania counties although some
bird books list the territory west
of the Mississippi as their usual
haunt in wintertime.

Decision Near On Paddling Teacher

PITTSBURGH (AP)—A deci-
sion on the status of a teacher
who was suspended for paddling
about 30 male pupils will be made
at an open meeting of the Pitts-
burgh Board of Education Tues-
day.

The board listened to a report
at a closed meeting Thursday in
the case of Bohdan Pashkowsky,
Langley High School teacher, but
took no immediate action.

Pashkowsky was suspended on
charges of violating a regulation
that forbids paddling in class-
rooms. School officials said he had
paddled the boys because they
didn't know their lessons.

Westinghouse and General Elec-
tric and three other firms pleaded
innocent on similar charges stem-
ming from federal grand jury in-
dictments Feb. 16 and 17.

Injuries, Left-On-Bases Bug Hurt Tigers In '59; Have Improved Reserves

By JACK HAND

Associated Press Sports Writer
LAKELAND, Fla. (AP)—Detroit lost 15 of its first 17 games last year, then spurred to within half a game of the lead after Jimmy Dykes took over as manager.

Four Tiger pitchers won a total of 65 games. Two Detroit hitters finished one-two in the batting race. Still, they wound up two games under .500 in fourth place, 18 games back.

What happened?
"There was a little item called left on base," said Dykes. "If you look it up you will see we left 1-161 on base. We lost 26 games by one run."

Injuries Were Costly

"Injuries killed us. Just when we were hot in June, Al Kaline got hit on the face and broke his cheekbone. Harvey Kuenn ran into a fence in Baltimore and hurt his leg and Frank Bolling was out about a month with an infected foot."

What about this year?

"We're improved in reserves more than anywhere else. If somebody gets hurt we can stick in a fellow who won't hurt us. And we've got a shortstop (Chico Fernandez) with a wider range than Rocky (Bridges)."

Dykes' four starting pitchers are Frank Lary (17-10 last year), Don Mossi (17-9), Jim Bunning (17-13) who led the league with 201 strikeouts, and Paul Foytack (14-14).

Need Fifth Starter

Either Ray Narleski (4-12) or Ray Semproch (3-10 with the Phils) could be the fifth starter. Either or both could revert to the bullpen which was a sad department last season. Of the newcomers, Bob Bruce (11-13 at Charleston) has impressed Dykes. So has Phil Regan (10-5 at Birmingham). Pete Burnside (1-3), Tom Morgan (1-4), Dave Sisler (1-3) and possibly Hank Aguirre (8-7 at Charleston) and still on a minor league roster) will round out the staff.

Outfield Is Strong

The outfield, of course, is the heart of the Tiger club. Batting champ Kuenn (.353) will be in right and Al Kaline (.327), the runnerup, will be in center with Charlie Maxwell (.251), in left. Dykes like what he has seen of Steve Boros (.305 at Birmingham) and George Thomas (.274 at Birmingham). Neil Chrissy (.132) and Johnny Groth (.235) are extras.

At the moment Dykes is counting on Steve Bliko (.305 at Spokane), the hulking first baseman drafted from the Dodger organization for another whirl. Bolling (.266) at second and Eddie Yost (.278) at third are fixtures. The shortstop will be Fernandez (.211) with the Phils) backed up by Bridges (.268). Gail Harris (.200) and Don Osborne (.191) are behind Bliko.

The catching is only fair with Lou Berberet (.216) and Red Wilson (.283) due to split the work.

Begin Match Play In Pinehurst, N.C.

PINEHURST, N.C. (AP)—The upper bracket, headed by national champion Barbara McIntire of Lake Park, Fla., appeared a shade stronger than the lower half as match play began today in the North and South Women's Amateur Golf Tournament.

Miss McIntire was matched with Mrs. Joseph Dempsey of Islip, Long Island, N.Y., a nine handicapper, in the first of the day's 16 matches.

Polly Riley, veteran campaigner from Fort Worth, Tex., drew Mrs. John Hawley of Ft. Bragg, an eight handicapper.

LITTLE LOOP ISSUES PLEA FOR MANAGERS

With the opening of the 1960 Gettysburg Little League baseball workouts just a month away, the local league has sent out a plea for managers and assistant managers to help with the six teams which now make up the Gettysburg League.

The lack of managers was discovered Thursday evening at the regular monthly meeting held at the Elks home with Fred Tilberg, president, presiding. Anyone interested in managing a little league team may contact any board member or existing manager. The league will need two managers and five assistants.

The Little League season will get underway April 13 at which time the pre-season tryouts will begin. The annual auction will take place on May 5 following the May meeting. The season will be inaugurated on May 28 with a Saturday afternoon double-header.

Use Two Fields
The Little League will return to their regular diamond which underwent repairs last season. The second game of each will be played on the softball diamond, it was announced by Chester Higer, recreation director.

Several new members were elected to the board of directors and will begin their duties at next month's meeting. They are Bob Weikert, former co-manager of the Glenn L. Bream team, who resigned that position; James Rowe, Gettysburg National Bank representative; Guy Raffensperger and Donald White.

All board members, with the exception of the Moose, and two managers were present at Thursday's meeting. The next regular monthly meeting will be held April 7 at the Elks' home.

ST. PETERSBURG, Fla. (AP)—The 72-hole St. Petersburg Golf Tournament was set to get under way today following postponement of Thursday's scheduled first round because of rain. The \$15,000 tournament will run through Monday. A field of 150, led by favorite Arnold Palmer, includes nine of the 11 top money winners.

ST. PETERSBURG, Fla. (AP)—Roger Maris, the outfielder obtained in a trade with Kansas City, is one of the bright spots in an otherwise drab New York Yankee training camp. He has hit safely in all five exhibition games the Yankees have played for a heavy .367 average.

SCOTTSDALE, Ariz. (AP)—There were rumors in the Boston Red Sox training camp today that the club might trade versatile infielder Pete Runnels to Baltimore for Gus Triandos, heavy hitting Baltimore catcher. There was no comment from the Sox brass.

Reiser Rates Howard Best Prospect In Five Years

(This is the fifth of seven stories on Future Stars. It was written by Manager Pete Reiser whose Victoria Rosebush won the Texas League pennant. Reiser is coaching the Los Angeles Dodgers this year.)

By PETE REISER
VICTORIA, Tex. (AP)—Frank Howard, the big Ohio State slugger who played for our pennant winning Texas League team before going to Spokane, is by far the best prospect I've seen in five years of managing.

Although he is an outfielder by trade I had him playing first base for me on the Escogido team in the Dominican Republic. He did a capable job this winter but still must learn more about shifting and making the throw to second. He is still a bit impatient at the plate, going after too many bad pitches. Yet he paced the league in home runs and in runs batted in.

Ford Young a Victoria right hander who will go to Vero Beach, Fla., with the Los Angeles Dodgers, has all the requirements to become a real good pitcher. He has a live fast ball, a good slow curve, real great attitude and thrives on work. He could be just a year away. He had an 18-14 record and completed 18 to 29 starts.

Breeden Needs Little
Harold (Scott) Breeden, also on the Dodger roster, has as fine a sinker as I've seen and needs only a better curve or slider to win in the majors. He's a hard worker with a fine attitude. He was 11-6 for us.

Ramon Conde, only 23 but with six seasons behind him, has never hit below .300. He hit .326 for us and played a fine defensive game at third base. He didn't make a bad throw all years. He hits a curve ball real good. He had a reputation for being a doggy type player but he never showed me anything but hustle. He will play in the majors some day.

Good Shortstops
Julio Gotay of Tulsa and Charley Smith of Victoria are two shortstops with equal ability. Both

BRADLEY STAR IS STRICKEN; SUSPECT DRUG

By JACK CLARY
Associated Press Sports Writer
NEW YORK (AP)—Was it a drug in a glass of orange juice or just a nervous stomach that caused Bradley basketball star Chet Walker to feel ill during Thursday night's semifinal game in the National Invitation Tournament?

Police scheduled laboratory tests today to find out.

Walker, who scored 27 points in a part-time performance helping the Braves to an 82-71 victory over St. Bonaventure, drank a glass of the juice in his hotel room an hour or so before the game. It was given him by a person later found to be impersonating a room service employee.

Teammate Is Suspicious
Al Saunders, Walker's teammate, also was given a glass of the juice, but did not drink it. He became suspicious when he learned it was supposed to have come from Bradley Coach Chuck Orsborn. Saunders checked with his coach who promptly notified police. It is the juice in Saunders' untouched glass that is being analyzed. Saunders felt no sickness during the game.

Detective John Worthington said he was inclined to think the incident was a prank by an autograph hound.

"After all, the player was examined by the doctor and permitted to play," the detective said.

Walker, from Benton Harbor, Mich., was rushed to the dressing room each time he was taken out in the first half for treatment of an upset stomach and was rested periodically in the second half.

Bradley, top-seeded in the tournament, was a point and a half favorite when the incident occurred. By game time, the Braves were rated even.

PENN STATE TO DEFEND TITLE OVER WEEKEND

UNIVERSITY PARK, Pa. (AP)—Penn State, led by flying rings champion Jay Werner, defends its title here today and Saturday in the 1960 National Collegiate Athletic Assn. gymnastics tournament. Southern California is favored to take the title.

Werner, a member of the Nittany Lion team which won the 1959 national crown by scoring a record-smashing 152 points, is the only individual titlist entered.

Beside the team championship and all-around individual honors, the tournament includes competition in still rings, high bar, parallel bar, side horse, free exercise, swinging rings, rebound tumbling, tumbling and rope climbing.

Preliminary events leading to selection of the all-around individual champion will be held this afternoon and tonight. The team crown and other individual honors will be decided in Saturday's competition which includes more than 200 performers representing some 30 schools.

Lose Three Champions

Graduation took three national champions from the Penn State squad but coach Gene Wettstone has seven lettermen from the 1959 team.

Although only 45 years old, Wettstone has coached gymnastics at Penn State for 21 years and has directed two U. S. Olympic teams.

Five of the coaches trying to take the national crown were coached by the Nittany Lion Mentor. Coach Bill Bonnell, West Virginia, was national intercollegiate flying rings champion at Penn State and was a member of the 1948 Olympic team.

The other Wettstone graduates who are coaching teams in this year's tournament are Hal Frey, California; Bill Meade, Southern Illinois; Warren Neiger, Pitt, and Bob Kreidler, Chicago.

Phils Travel 40 Miles To Flee Rain

CLEARWATER, Fla. (AP)—The Philadelphia Phillies are finding ways to beat their worst enemy—rain.

Rained out Thursday in exhibition play for the third straight time, the Phillies traveled 40 miles to Palmetto and played a seven inning intra-squad game following cancellation of their contest here against the New York Yankees.

The Phillies today meet the Cincinnati Reds in nearby Tampa. If the game with the Reds is rained out, the Phillies will attempt to practice at Venice, Fla., 65 miles south of here.

If rain prevails throughout the area, the club has made arrangements to journey to Lakeland and workout indoors in a converted airplane hangar.

COLAVITO GETS PAY BOOST TO \$35,000 FOR '60

By JIM KENSIL
Associated Press Sports Writer
"Don't knock The Rock."

That was the battle cry of Colavito fans during Rocky's off-season salary wrangling with Cleveland General Manager Frank Lane. The Indians' GM apparently got the word because Rocky received a salary increase of 25 percent to \$35,000.

But Colavito was reportedly after \$40,000 and he grudgingly accepted the lesser amount.

Now it's The Rock whose doing the knocking. And with the same big bat that hit 42 home runs last year to share the American League crown with Harmon Killebrew of Washington.

His Fourth Homer

At Tucson Thursday Colavito homered for two runs in the sixth inning as the Indians came from behind for a 4-3 spring training victory over the Chicago Cubs.

It was Rocky's fourth homer in five games.

In the other Arizona game, at Scottsdale, the San Francisco Giants scored three times in the eighth to hand the Boston Red Sox their first loss in five spring games, 4-3.

Rain slashed a six-game Florida schedule to two with the Chicago White Sox beating Washington 1-0 at Orlando and Kansas City edging Baltimore 3-2 in 10 innings at Miami.

"Through His Death We Get Eternal Life"

By REV. LAMONT A. WOELK
Pastor, Fairfield Mennonite Church

THE MIRACLE OF LIFE

Every spring the miracle of life—this instinct that lies hidden within a seed—reasserts itself. It pushes its evidence up through dirt and stalk to cover the earth with a coat of beauty more varied in color than Joseph's renowned coat.

Behind this miracle of life, even entwined within it, lies the fact of death. "Truly, truly I say to you, unless a grain of wheat falls into the earth and dies, it remains alone; but if it dies, it bears much fruit" (John 12:24). Life is impossible without death.

This holds true for Christians too. It was in the context of His teaching about the meaning of the cross and of discipleship that Jesus used this illustration. It is our faith that through His death on the cross we receive eternal life. But Jesus went on to say, "If any one serves me, he must follow me" (John 12:26).

"Follow Jesus"

A seed that does not sprout and grow lies dormant for a time and eventually decays out its lonely existence, never having grown beyond itself. A life lived for self is a morbid, miserable existence that, almost literally, rots away. The only way out is to follow Jesus to a cross of our own, die the death of self, and awake to a new life of fruitfulness.

A seed placed in the ground germinates and then must force the new shoot up through the heavy, sometimes crusted, earth. But having accomplished this birth process its struggle to live and grow is by no means over. As the young, tender leaves push their way upward, the feet of careless men may tread on them, weeds will threaten to choke them out, and the uncertain spring weather will threaten their very existence. Even in this process there is constant death and rebirth, for, as growth takes place, old cells die and new ones are born. Then, one bright day this lowly seed reaches fulfillment in a beautiful flower.

"Struggle Of Growth"

So, for the Christian, the process of death and life is an unending struggle. We struggle, first of all, to be willing to die to self. Then, having relaxed ourselves into the will of God, for this is what death of self really is, we find the new life we have entered is a struggle of growth.

At times we wonder if the old is really dead for evidences of it have a way or reappearing and causing us difficulty. The old is indeed dead, but the Christian finds that, having broken through the hard crust of self, he is still living in a world where the desire to live for self is predominant. The difficulties he will face will be, not less but often, more intense than before. It is only in the strength of the knowledge that he is now living within the will of God that he is able to rise victorious above those things that would strangle his life in God.

"Maturity Of Christ"

Then one day he discovers that his life has opened into the full blossom of purposeful, meaningful living. A deep sense of peace and contentment settles over him as he now walks with more purposeful stride. But into his life there also comes the divine restlessness that is expressed as it touches the lives of others and fills the air about them with the fragrance of divine concern. Their struggle become his concern as they too experience the pains of rebirth. And he himself continues to know the constant struggle of growing up into the maturity of Christ.

"Thanks be to God Who leads us, wherever we are, on His own triumphant way and makes our knowledge of Him to spread throughout the world like a lovely perfume! We Christians have the unmistakable 'scent' of Christ, discernible alike to those who are being saved and to those who are heading for death. To the latter it seems like the very smell of doom, to the former it has the fresh fragrance of life itself" (II Cor. 2:14-16, Phillips translation).

The Golden Time

When Mom and I got married, golden weddings seemed just as remote to us as they probably do to you. Matter of fact, folks celebrating them seemed like museum pieces!

Now here we are, posing for our fiftieth anniversary picture! Funny part of it is that we don't feel a bit like "old folks!"

Still, a couple can't be married for half a century without putting in a lot of living. Mom and I have. There were times when we were so happy we thought we'd burst . . . other times when it didn't seem as if we could find the strength to keep going another minute.

Through it all, we've had our church. It's hard to put into words how important that's been. Maybe you'll get an idea when I tell you this. When Mom asked me what I'd like to do to celebrate our anniversary, I said, "First of all, let's go to Church. I want to say a little prayer of thanks."

Mom smiled at me. "So do I," she told me.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

MACPHAIL IS SPEAKER FOR LEGION DINNER

The 41st anniversary of the American Legion and the 28th anniversary of Ocker-Snyder Post No. 321 were observed with a banquet program on Wednesday evening in the Kingsdale Fire Hall, near town. Approximately a hundred members of the post and auxiliary and their guests were in attendance. A roast chicken meal was served by the Ladies' Auxiliary of the fire company.

Attorney John A. MacPhail, a past commander of the Albert J. Lentz Post in Gettysburg, was guest speaker and he chose as his topic the words from the song, "America the Beautiful" — "Patriot's Dream," with Americanism as his predominating thought. He stressed the words of the Constitution, and the highlights of the Constitution. He quoted from Lincoln's Gettysburg Address and reviewed the wars fought for freedom, noting that all of these contributed to the fulfillment of the "patriot's dream."

"Our enemies are ourselves," he stated, "We are becoming weak and morally deteriorated. We need men of courage, the courage of our forefathers, to continue to fight the enemy and here the American Legion plays a large part, being banded together by patriotic comradeship." The speaker's closing challenge was that "we must instill into our children a love of country, and a dream called 'Our United States.'"

Top Membership Goal
The invocation was offered by Chaplain James W. Fager. Commander Elmer W. M. Dutera welcomed all present and intro-

duced Ralph R. Ruggles, who served as toastmaster. The speaker and his wife and his parents, Mr. and Mrs. Donald MacPhail, Gettysburg, were introduced, and the toastmaster also presented the speaker with a gift in appreciation. Other guests were vice district commander, Perry House, and Dale Clark, past commander of the Biglerville Post, and Mrs. Clark, all of Biglerville.

Ocker-Snyder Post officers were presented as follows: Commander Dutera; vice commandant, Paul E. Altoff; service officer, Stewart N. Long; finance officer, Earl L. Stites; chaplain, James W. Fager; sergeant-at-arms, Lloyd T. Bortner. A moment of silence was observed in memory of all departed comrades. Toastmaster Ruggles announced that an Americanism program is to be sponsored by Ocker-Snyder Post in the local school. He also announced that the third annual Better Homes and Gardens Show, sponsored by the post, will be held this year on April 7, 8 and 9 at Bankert's Restaurant and Recreation Center, N. Queen St. It was noted that the local unit is the only post in Adams County to be over the top in membership.

Magician Entertains
Concluding entertainment was provided by Ray-Mond, the magician, from Westminster. He performed feats of magic and acts of mental telepathy, with audience participation. Floral centerpieces on tables were presented to Miss Malva Dutera, Mrs. Beaven F. Hanlon, Mrs. James W. Fager, Mrs. John A. MacPhail, Mrs. Donald MacPhail, Mrs. Lawrence T. Crouse, Mrs. Ruel Schwartz, Miss Teresa Rang, Mrs. Lottie Dutera and Mrs. Charles Kump. The committee in charge of arranging the 1960 anniversary affair included Beaven Hanlon, Lloyd Bortner, William Burgoon, Earl L. Stites and Ralph R. Ruggles.

"Going Steady" Ruled Out By Catholic High School Principal

ALLENTOWN, Pa. (AP) — The principal of Allentown Central Catholic High School has issued an edict barring pupils from going steady.

The Rev. Stephen J. Daday said Thursday the new order was based on the belief steady dating "has many serious consequences for high school students."

"It creates distractions to make concentrated study impossible. It often leads to marriages between couples who are too immature emotionally to assume the obligations of the marriage state."

Would Lose Privileges
"It sometimes occasions what we might call 'forced marriages'."

Father Daday explained that "our student body (1,600) is aware this is not a new policy of the Catholic Church but a restatement of a policy that is as old as her founder, Jesus Christ."

He said if boys and girls insist on going steady they would be barred from membership in student council, honor societies, athletic endeavors and other extracurricular activities.

How They Tell

The edict said the school would consider couples dating steady when a boy and girl were explicit in words about it or when tokens were exchanged; when by the nature of their activities they indicated to other students they were going steady; or when they were

seen together constantly at the school church or homes.

Father Daday did not immediately specify who would enforce the edict or how it would be administered.

But perhaps one senior boy pupil gave some indication of how it would be enforced when asked for comment.

Pupil Reaction
"I have no fear they won't be able to pick out the ones going steady. The faculty really keeps their eyes open. I'm happy to see someone has guts enough to really stand up to the problem."

"A lot of adults realize it (the problem) is there but don't do anything about it. The point I don't go along with is that they are taking over something the parents should do but if nobody else will I think they're doing right in taking the initiative."

A senior girl who is affiliated with a school publication said she doesn't think any of those going steady had actually broken up.

"They're just putting on the act in school," she said. "It (the edict) is all that is being talked about. A lot of steadies are not walking together and talking between the classes. It should be considered from a religious point of view. I think steady dating is preparation for marriage and you're not really ready for marriage in high school."

Bright Boys To Get New Chance

HARRISBURG (AP) — Six inmates of the White Hill Industrial school in nearby Camp Hill have begun technical job training courses being offered to high-IQ youths in state institutions.

The Property and Supplies Department said Wednesday the youths will be trained as programmers. They will learn on the univac in the state bureau of central data processing.

Youths from similar institutions will be offered the year-long course as the program expands.

FRANKLIN SQUARE, N. Y. (AP) — A mother and four children died Thursday in a flash fire which swept their Nassau County home. Only the father of the family survived.

The victims were identified as Lottie Gottart, 39, and her children, Martha, 8, Peter, 5, William 3, and Lydia, 10 months.

Rescued was the father, Paul Goggart. He was taken to Meadowbrook hospital in serious condition.

The cause of the fire was not immediately determined.

WASHINGTON (AP) — Pat Nixon, wife of the vice president, observed her 48th birthday Thursday. Actually, Mrs. Nixon was born on March 16, but she has celebrated on St. Patrick's Day for years.

who participates in student government said "they don't want us to get too intimate. They want to save us embarrassment. I think they have made a lot of students realize that going steady could be hazardous."

A senior girl journalist came up with a novel idea which she said would be the solution to the problem.

"I feel it can be solved if we exchange dates between our staff (of the publication for which she works). For one week you'd be going with your steady and the next week with someone on the staff and the third week you would go with your steady again. It wouldn't be classified as going steady at all."

LIVED 24 HOURS IN WRECKAGE OF THEIR PLANE

GREENSBURG, Pa. (AP) — Two men marooned for about 24 hours in the wreckage of their plane trudged to safety out of Laurel Mountain through five-foot deep snow drifts Thursday.

Carl L. Walter, 44, of Paupack, Pike County, and Charles J. Melville of Reading suffered exposure. Both were reported in good condition at McGinnis Hospital, Ligonier.

Walter, the pilot, said the plane was en route from Pittsburgh to Reading when it was caught in a downdraft over the mountain Wednesday. The single-engine aircraft crashed, crushing the wings.

Used Compass
Wearing business suits and topcoats, the two men tried to walk out of the woods, but deep snow drifts forced them back. They spent the night in the plane's wreckage in 20-degree temperatures.

Early Thursday the pair, using the plane's compass, waded through the snow until they came to Waterford Reservoir.

A reservoir employee phoned the Ligonier Volunteer Fire Dept., who in turn picked up the two men and took them to the hospital.

PARIS (AP) — Gina Lollobrigida Thursday termed "fantasy" the talk of a divorce between her and Dr. Milko Skofic.

The sultry Italian movie star, stopping here briefly en route from New York to Rome, said her household affairs are going very well.

Skofic also denied the rumors of marital troubles, which were published in the United States.

PARIS (AP) — French newspapers say the marriage of French restaurateur Claude Terrell and film magnate Jack Warner's daughter Barbara is in the divorce court.

Blind Girl To Get Honor Medal

PHILADELPHIA (AP) — Blind, 17-year-old Theresa Hayes will receive Philadelphia's first medal of honor for heroically remaining at her telephone switchboard to warn others during a fire at the Overbrook School for the Blind.

More than 300 pupils were evacuated safely but one fireman was killed in the blaze last week.

The medal of honor was created by a city ordinance in 1954 but up until now the award committee had found no one deserving of the high honor.

GETS SHOT ON BAD CHECKS
LOUISVILLE, Ky. (AP) — This bandit gets "shot" every time he passes a bad check.

He shows up at a doctor's office, complains of a cold, and asks for a shot of penicillin.

After it's administered, the patient presents a \$10 check neatly made out to him by his "wife." The bill, with the shot, is \$5 or \$6, and the man pockets the change. Only trouble is, the check is worthless.

One of the physicians who has been victimized says the cold check artist is "a sort of harmless little man, just enjoying himself on \$4 a day."

"But doctors better watch their penicillin supply!"

KITCHEN SINK STOLEN

ALBUQUERQUE, N.M. (AP) — Edward Boyd of Albuquerque told police he found the front door of a vacant apartment he owns in Albuquerque pried open Thursday.

Missing? Only the kitchen sink.

Eliminate Nonessentials When World Is Crowded

By HAL BOYLE

NEW YORK (AP) — Scientists foresee a future when the population explosion will skyrocket the earth's census from 2½ billion people to maybe 10 or 12 billion.

So, if you think it's crowded on the bus going to work now, think how crowded it is going to be by the end of the century, or even the next decade.

In that sardine world acoming, life will be more streamlined. There won't be space for a lot of the foolishness we find room for now. We'll have to start doing without the nonessentials.

Start Eliminating
Here's one man's partial list of things he's willing to start doing without right now:

Coloratura sopranos.
Atomic fallout.
After-dinner speakers.
People who mail you small live turtles on your birthday.

All guitar players under 70 years of age. Those over 70 don't play rock 'n' roll tunes.

Wives who tell a husband, as he goes out the door in the morning, "Have a happy day at work!"

Girls who wear lavender lip.

LONDON (AP) — Crowds of Arab students shouting anti-Israeli slogans paraded at London airport today as Israeli Premier David Ben-Gurion arrived for three days of talks with British leaders. Police hustled the demonstrators out of the way. A huge banner with "Israel is armed to the teeth" in foot-high letters was torn apart in the tussle.

FLOOD AREAS IN FLORIDA

By THE ASSOCIATED PRESS

Snow ended in most of the storm-swept sections in the eastern half of the country today and heavy rains tapered off in drenched areas of central Florida.

The fourth major snowstorm of the month, which hit wide areas from the Plains to Virginia, appeared dying out. Only light snow fell in northern New England and snow flurries were reported in the Great Lakes region and upper Ohio Valley.

In Florida, thunderstorms rumbled from the water-soaked central section east and southeast toward the lower East Coast area. Tornadoic winds were reported earlier in the south end of Edgemont Key, at the entrance to Tampa Bay, and at Yanketown, about 70 miles north of Tampa. No injuries were reported.

Scores of families in the rain belt have been forced from their homes by flood waters. Rainfall in Tampa in the last 24 hours was 3.33 inches and measured 2.64 in Jacksonville.

It was a little chilly in many areas but no severe cold weather was reported.

Mrs. Melvin Utermahlen will solicit the area from Pipe Creek Park to Baer Branch.

The Women's Guild of the United Church of Christ met recently at the parish house. The Christian education committee, Mrs. Charles Anders and Mrs. Ned Musser, co-chairman, were in charge of the program.

Catholic Bishop Is Jailed In China

TOKYO (AP) — A Shanghai People's Court sentenced American Roman Catholic Bishop James Edward Walsh of Cumberland, Md., to 20 years imprisonment, Communist China's Peiping radio reported Friday.

The broadcast heard here said Bishop Walsh had been under arrest since October 1958 on charges of "plotting to overthrow the new China."

Most recent word about the 68-year-old prelate was that he was under detention in a Shanghai hospital.

Walsh is the last high non-Chinese Roman Catholic official in mainland China.

Sgt. Joe O'Brien of the Indiana State Police said the plane was heard from over Scotland, Ind., about 60 air miles from the crash scene. He said the pilot reported no trouble. The plane went down at approximately 4:20 p. m. Eastern Standard Time.

First Blast In Air
The Federal Aviation Agency refused to disclose anything about the last radio contacts with the plane.

Witnesses first heard aerial explosions—to one the sound was like 16-inch artillery shells, to another like the noise of a shotgun—and then saw a wing break through the clouds, followed by the main body of the plane.

In the early excitement and horror, observers thought the wing was the body of a jet plane and that there had been an aerial collision.

Some residents snatched up pieces of wreckage for souvenirs before police blocked off the area.

The terrain—about halfway between Louisville, Ky., and Evansville, Ind.—is rugged. The hills are steep, like midge mountains, and heavily wooded.

State Police were ordered to help search a wide area for bodies.

Get Bomb Report
Some bodies were believed buried by the impact in the snowy, muddy ground.

About an hour and a half after news of the crash came out, a person who sounded like a young boy telephoned Chicago police that a bomb had been planted on a plane at Midway Airport.

Police said they investigated and were convinced the call was a prank.

became president.

Since the early days, the business has grown steadily. Recently another quarry was purchased in Maryland, near Westminster. This quarry produces lime rock and the one near Gettysburg trap rock. In all from both quarries about 300,000 tons of stone are produced each year. This comes from 120 acres in Pennsylvania and 116 in Maryland.

A great deal of equipment is necessary to operate these quarries. Four stone crushers are at work, plus conveyors, screens, four steam shovels at each plant. In addition to all this is the equipment and everything that is necessary in blasting operations. More than 60 persons are employed at the two plants.

Essential Industry

Most of the product is used in public and private road building and the stone is crushed to the specifications of the Pennsylvania and Maryland Highway Departments for their orders. A large part of the Teeter quarries' business comes from these two sources.

John D. Teeter, the head of the business, is married and the father of three daughters. The family lives in suburban Gettysburg. Mr. Teeter has served as president of the Pennsylvania Stone Producers, a trade organization.

Machine Destroys Self In Amusing Lunatic Show That Posed As Modern N.Y. Art

By W. G. ROGERS
Associated Press Arts Editor
NEW YORK (AP)—A machine whose whole purpose in life was to destroy itself did just that Thursday night in one of the most amusing lunatic shows ever to pass under the name of modern art.

The creature composed of wheels, bathtub, piano, radio, addressograph machine, child's cart and assorted other objects reared up 27 feet high in the garden of the Museum of Modern Art.

While an irate objector outside passed out a leaflet bemoaning the project as godless, an audience of about 500 saw "Homage to New York" rattle, flap, shake, hammer and burn itself to pieces.

By Swiss Sculptor
It was so successful at self-destruction that the fire department had to train extinguishers on flames eating up the piano too fast. Loyal to art, the audience booed this interference, but the staunch firemen went right ahead.

The object was by the Swiss-born sculptor, Jean Tinguely, a slight, black-haired, smiling and

very begrimed fellow who bowed contentedly in response to the warm applause that greeted his novel venture.

Fifteen motors controlled by eight timers ran some 80 bicycle wheels of all sizes. Pictures painted themselves frenziedly on paper unwound from revolving disks. A saw orked back and forth on the piano's underpinning. The cart rolled to and fro. Hammers and mallets struck tin cans and oil drums in varying rhythms. A great golden balloon inflated at the peak of the machine. Smoke pots belched forth clouds that choked the onlookers.

Not Up To Billing
It ran half an hour, when with a whoosh one section tumbled

sidewise to the ground. Then a second, waving a red and white pennant, ran outside. A third, with a klaxon that didn't work, scooted out from under and dashed for nowhere. A fourth part collapsed. It did not quite live up to the billing. It was Tinguely in person, with a band of helpers, who put most of it together in the afternoon. But it did paint its own

CASTRO'S TOP MILITARY MAN IN U. S. QUILTS

By JOE F. KANE

WASHINGTON (AP)—Cuba's top military representative here has resigned, branding Fidel Castro a betrayer of the Cuban revolution and saying he is ruling under a Communist style dictatorship.

Lt. Cmdr. Miguel Pons fired charge after charge against the Cuban leader Thursday in an emotional speech during a closed-door Inter-American Defense Board meeting of 21 republics.

Pons called his speech a message to the people of Cuba and said they "should know once and for all that Fidelismo is a mask behind which hides International Communism." He said the real brains behind the Havana government is Maj. Ernesto Guevara,

pictures, and it spoke its own pieces, from a record, explaining what it was all about. Some bottles were supposed to crash to the ground and didn't. The balloon was scheduled to burst but failed to. The fire did get out of control and was extinguished at the sculptor's request.

World Census Of Armed Forces Suggested For Disarmament

By TOM OCHILTREE

GENEVA (AP)—The Western powers today proposed a world-wide census of existing armed forces and weapons as a first step toward a disarmament treaty.

French disarmament expert Jules Moch made the suggestion on behalf of the five Western delegations at another closed session of the 10-nation disarmament conference.

He said the control of any agreed disarmament measures would be an illusion without full information on the size and strength of existing armed forces.

Need Control, Inspection
Echoing the West's most insistent demand, Moch said adequate control and inspection to insure compliance must be an integral part of any disarmament agreement.

He declared that one of the first and most urgent tasks before the conference is to agree that an inspection system would not be regarded as an espionage operation, a charge repeatedly made by the Soviet Union.

Moch said that if control provisions in Soviet Premier Nikita Khrushchev's plan for disarmament over a four-year period were really sincere, they may indicate a first step toward East-West understanding on this subject.

Reds Want Red Plan
From Moscow, however, Pravda, the Communist party newspaper, made clear that the Soviet government has not abandoned its basic opposition to the Western demand that a control system be worked out before the major powers agree to disarm.

In a leading editorial and a dispatch from its correspondent at the Geneva conference, the paper insisted on approval of Khrushchev's plan for total and general disarmament.

Moch told the conference controls are necessary because no disarmament agreement could rule out the possibility of secret violations.

leftist head of Cuba's National Bank.

Another Resigns
The Cuban embassy promptly called Pons, Cuban naval attache, a deserter and said his charges were "traitorous allegations." It said he had been suspected of activities contrary to the revolution "as well as of collecting money surreptitiously."

Pons' resignation came just about the time Finance Minister Rulo Lopez Frequent announced in Havana he was leaving Castro's cabinet. Many observers considered him the Castro regime's last remaining advocate of close Cuban-American cooperation.

Lopez Fresquet, 47, said he was resigning because of poor health. But it appeared his financial policies were just too moderate for Castro. His leaving seemed likely to clear more ground for Guevara policies.

Pay \$60,000 For Death In Crash

HARRISBURG (AP)—The family of a man killed in an Allegheny airliner crash Dec. 1 at Williamsport has been awarded a \$60,000 compromise settlement.

Mrs. Fred S. Gettys had filed suit for damages against Allegheny in Dauphin County Court in behalf of herself and her 12-year-old daughter.

The airline, while denying negligence in the crash, agreed to the settlement. It was approved by the

checks and identification slips. Cannon, said authorities, though only 35, had spent about nine years in jail for various crimes. Last November he broke out of jail at Miami, Fla., where he was serving a one-year term for using a fake credit card.

Soon he was roaming the countryside—and living off the fat of it—from Florida to Canada. It was estimated that he had obtained \$15,000 through hot checks and another \$20,000 worth of the niceties of life with his phony credit cards.

JAIL MAN FOR FORGING OWN CREDIT CARDS

NEW YORK (AP)—A fellow can do wonders with credit cards these days, and Charles Gregory Cannon did.

Furthermore, Cannon found a way to improve on the system—he started making his own cards.

They got him a \$45-a-day hotel suite. They also got him a more modest room in the local jailhouse.

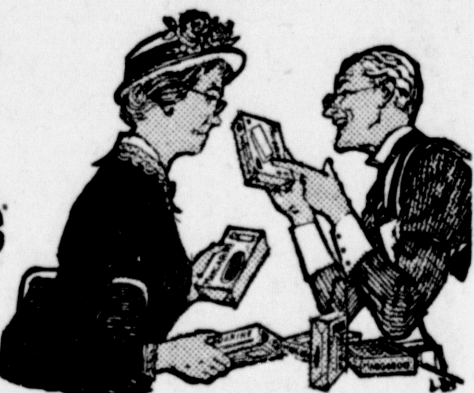

There he sat today, doubtless reflecting that his style of living hereafter will be on a scale reduced from his previous \$10,000-a-month clip.

He was a real man of distinction as he reached the detention quarters. He wore a dark blue jacket. Sedate gray trousers, vest and ascot made a neat contrast. A neatly clipped mustache, homburg hat, silver topped cane and gray gloves added to his air of a fine gentleman.

Had Many Devices
FBI agents took him in custody—along with an array of do-it-yourself devices including a printing press, a check-writing machine, engraving tools and other materials for forging credit cards.

THE LADY HAD BIG IDEAS (that worked!)

WASHINGTON (AP)—The comptroller of the currency today issued a call for a statement of the condition of all national banks at the close of business Tuesday, March 15.

1. When Mrs. Filbert set out to make a delicious margarine, there were already lots of other margarines around that weren't.

2. But she had ideas. She blended high quality ingredients with some secret dashes.

3. And made a margarine cool and sweet and delicate—well, delicious!

4. Over the years those other margarines have come a long way in taste.

5. But Mrs. Filbert's has always kept a giant flavor step ahead.

6. Today it's cool and delicate sweet to taste—and then gone!

7. A moment of sweet delight!

CONTROVERSY SEEN AHEAD ON NBC SHOW

By CYNTHIA LOWRY
AP TV-Radio Writer
NEW YORK (AP) — The National Broadcasting Co., which has not yet received the manuscript — may find itself running headlong into controversy with its projected Sunday Showcase drama about the Sacco and Vanzetti case.

Feelings still run high over the fate of two Italian-born men executed more than 30 years ago for the slaying of two men in a payroll robbery in Massachusetts. Many are convinced they were innocent. Others still say they were guilty. And a lot of others just wish the case wouldn't be raised again.

"Worst It Ever Had"
Reginald Rose, currently winding up the second half of the two-part drama, has spent months in research. He has interviewed persons who had something to do with the case. He is absolutely convinced that the two men were innocent of the crime for which they were executed, and he is outraged at what he feels was a shocking miscarriage of justice.

Already — with the script far from complete — some rumblings have been heard from Massachusetts. Rose says that one Boston newspaperman already has attacked in print the drama as inaccurate.

"Although how he knows, I can't imagine," says Rose. "But I will say that the State of Massachusetts is going to get the worst going-over it has ever had."

looks like the westerns will still be kings of TV next fall, followed in quantity by mysteries, followed by situation comedies. Bing Crosby, in a taped segment, will be a "surprise" guest on the Paul Whiteman birthday party on CBS March 24—singing a bit of "Mississippi Mud," the first song popularized by Whiteman's Rhythm Boys of whom he was one. Sydney Chaplin is out of and Walter Pidgeon is in the upcoming Tammy Grimes special.

BERLIN (AP) — Communist East Germany's radio has denounced the idea of a vote in West Berlin on the city's future was designed to keep it occupied territory.
The vote was proposed by West German Chancellor Konrad Adenauer in Washington Wednesday. The Communist radio said he is trying to present the May summit conference an accomplished fact.

TOLEDO, Ohio (AP)—Coming here on a bus to get a marriage license, Uriah Bell and Barbara Levinson of Detroit persuaded another rider, the Rev. George Maize of Knoxville, Tenn., to stop over and marry them three days later.
